

It's Been To Much

S1

My social battery is nearly empty,
it's been too much,
I can't take it anymore.
I've had enough of all these idiots.
It's been too much. It's been too much, for sure.

S2

They suck out my energy
they drain out my life.
I can't take it anymore.
Where is my peace? Search never ends.
It's been too much. It's been too much, for sure.

S3

Consternation in their eyes. Finally, there is silence!
Don't need to hear them anymore.
I found my peace in quiet earth.
It's been too much. It's been too much, for sure.

Refrain

**I need a place where I can breathe,
Far from their noise and all their needs.
No more pressure, no more pain
no expectations, no more strain.**

Bridge

I've whispered, I've screamed, but no one heard.
I drowned in their noise, my thoughts became blurred.

Now I step back, I close the door.
I don't belong here anymore.
